

BEAR FLAG TRACTOR AUTOMATION: HOW IT WORKS

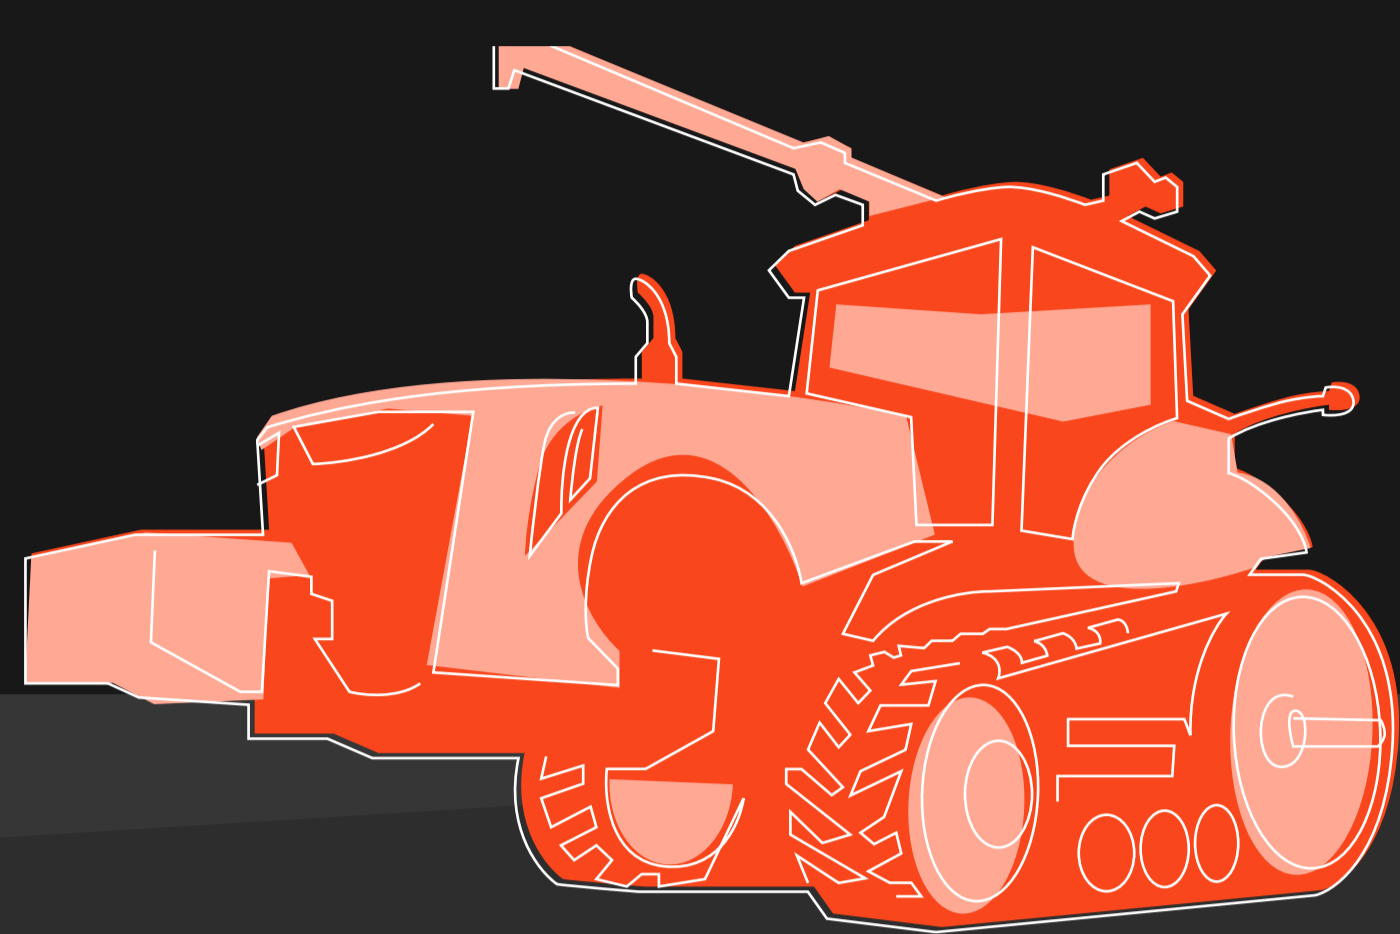

TELL US HOW YOU WOULD LIKE TO US AUTONOMY

Why are you interested in driverless tractors for your farm?
Productivity? Efficiency? We sit down and have a
discussion to map out your needs.

WE PROVIDE THE COMPLETE AUTONOMOUS TRACTOR.

Charging a simple straightforward price per acre.

WE BRING EVERYTHING TO YOUR FARM.

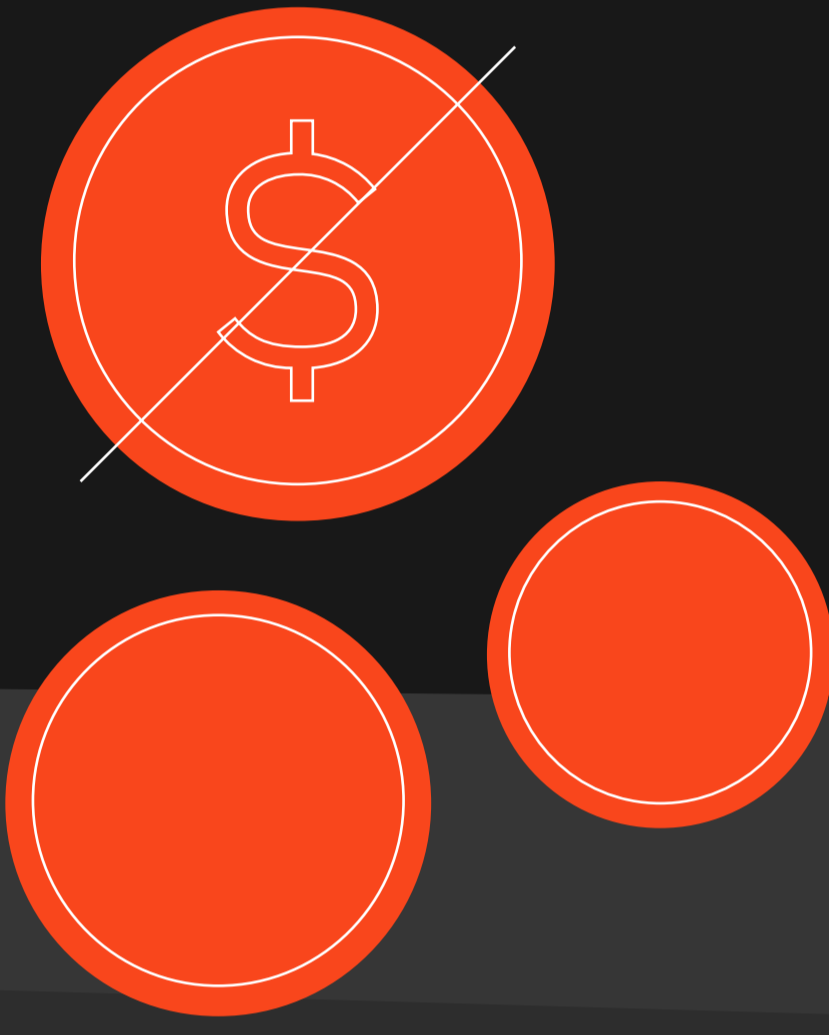

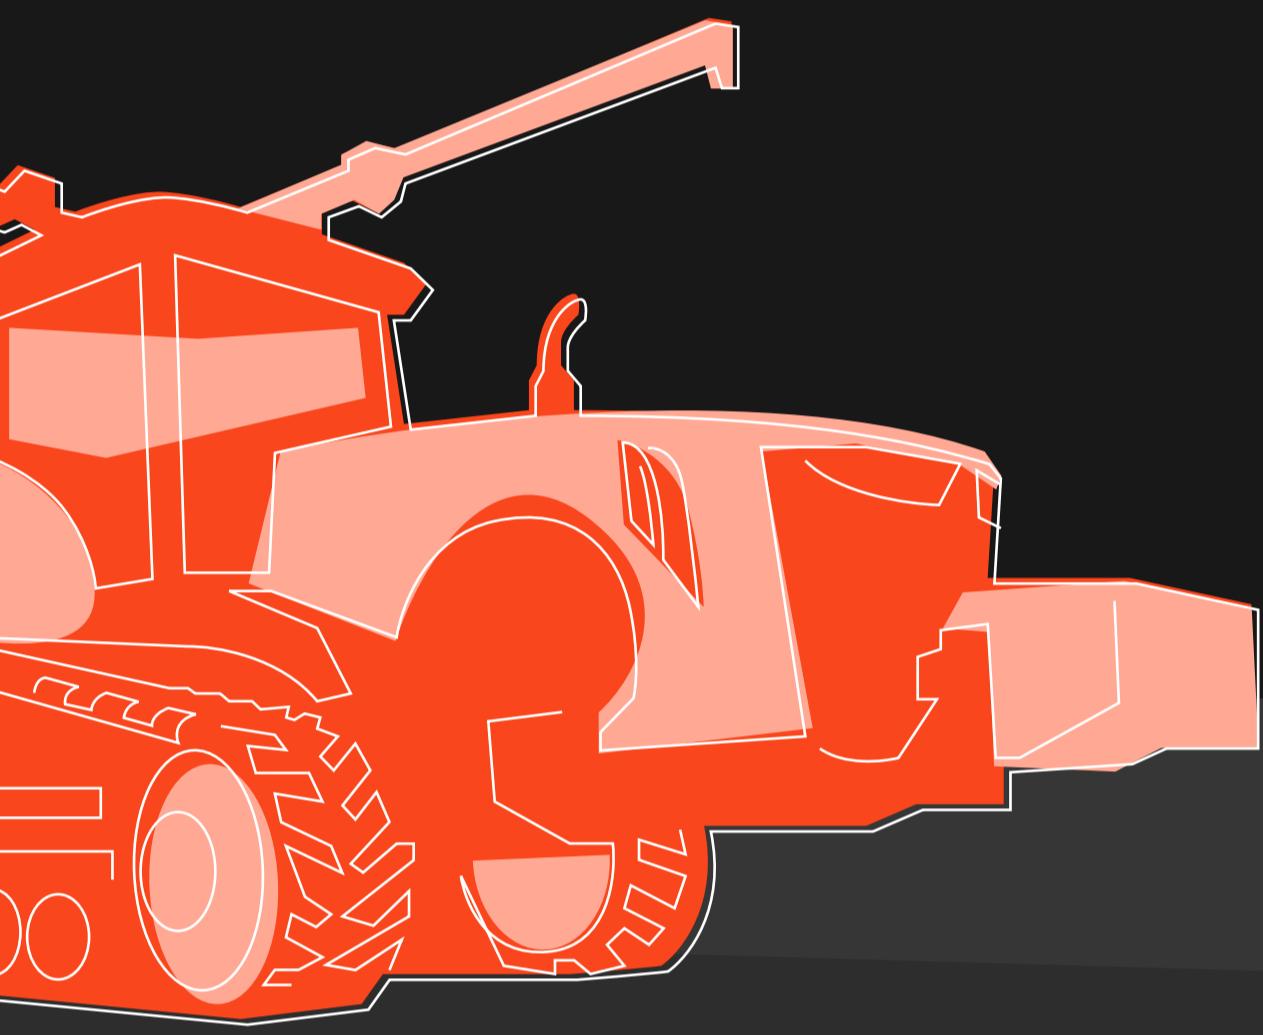

Quickly expanding to new areas.

JUST A FEW OR AN ENTIRE FLEET.

You choose a field to do a trial run.
Just one or two tractors to start, if you'd like.

YOU ONLY PAY FOR WHAT YOU USE.

OUR TECHNOLOGY GOES TO WORK FOR YOU.

Bear Flag's cutting-edge technology puts you in complete
control over the work being done.

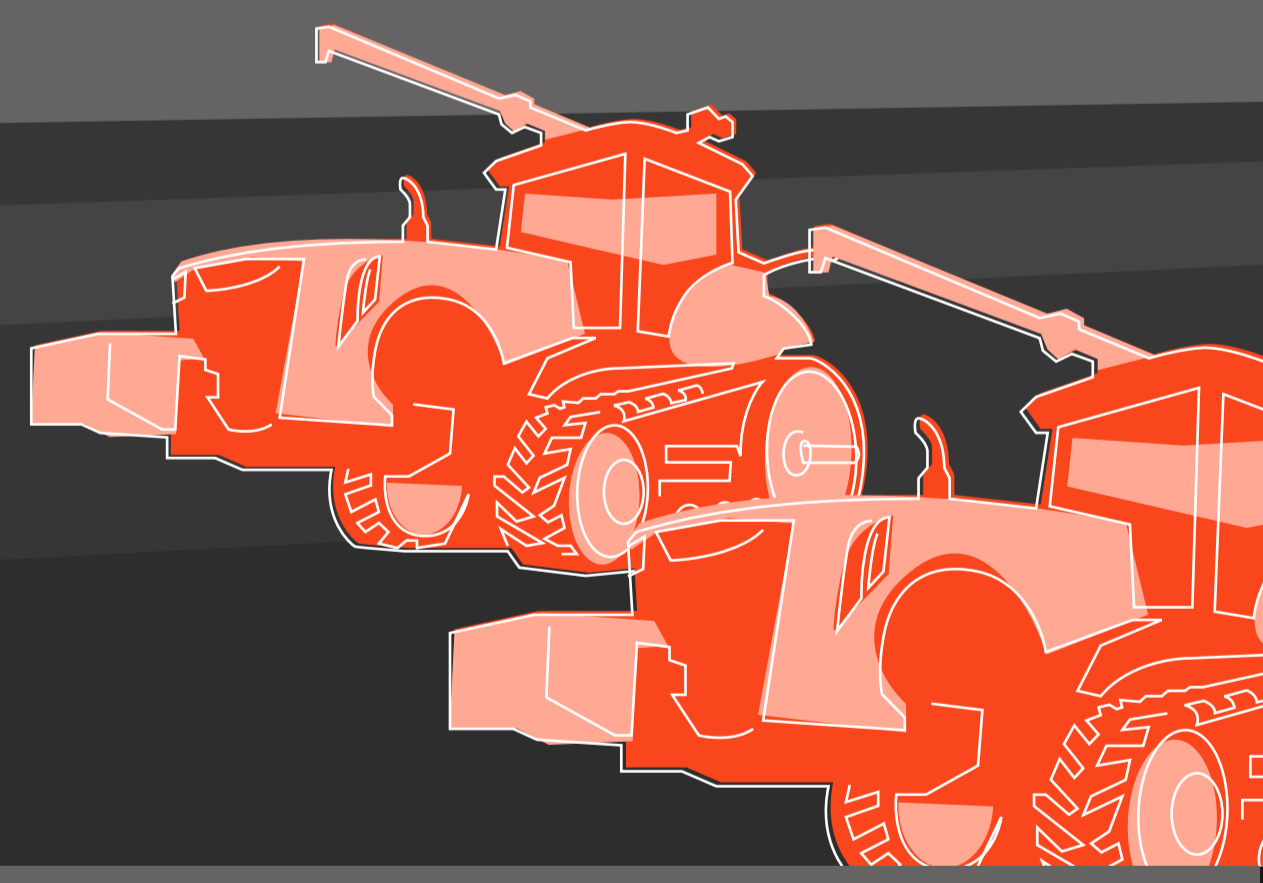

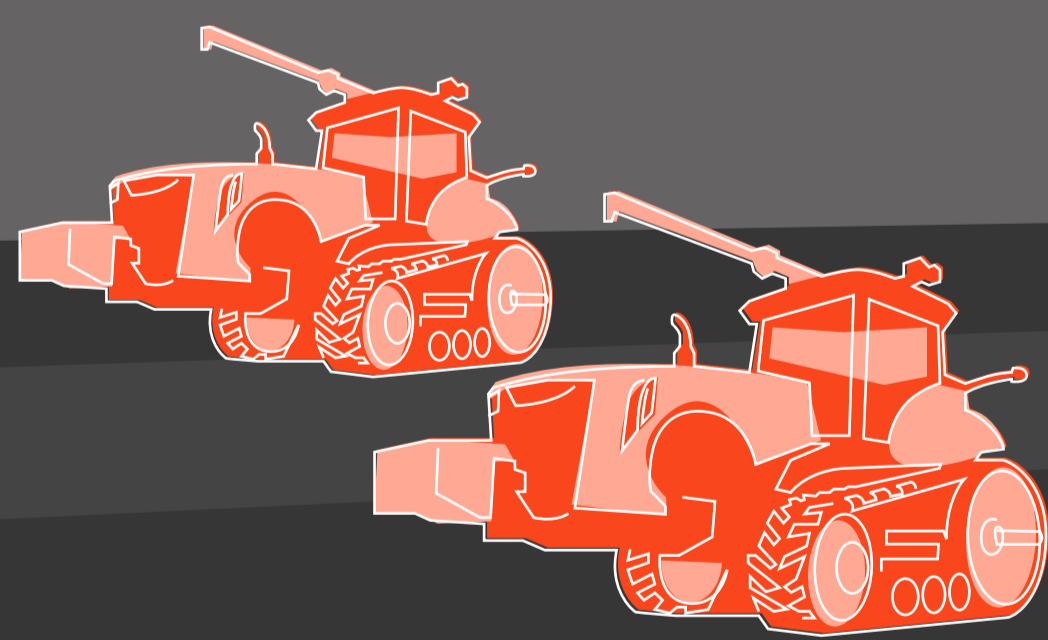

CHECK-IN FROM ANYWHERE.

You can watch any tractor directly on our platform.
Monitor the tractors in real-time, or download the analytics
reports from each field after they are complete.

GET READY TO SCALE UP.

It's simple to scale up the fleet to meet seasonal demands.
From implement parameters to field maps and paths,
everything is transferable between tractors.

OPTIMIZE OPERATION WHILE INCREASING YOUR PROFIT.

Leverage the productivity and other benefits brought to
you by autonomous tractors.

SEE THE FUTURE OF FARMING

Productive and efficient farming operations
for the next generation of growers.
